PROFESSIONAL EXPERIENCE

Product Designer

Global Digitech | 2022 - Present

- Collaborated with product leads, clients, and other stakeholders to define design strategies, and personalize each experience for our clients.
- Created prototypes, wireframes, and mock-ups to communicate design decisions and gather feedback in the design process.
- Conducted user interviews, usability testing, and gathered research to ensure we created design decisions based on qualitative and quantitative data.

User Experience Analyst

Global Digitech | 2018 - 2021

- Addressed user queries, providing effective solutions for optimal software experience.
- Conducted user training sessions, enhancing proficiency and overall user satisfaction.
- Collaborated with development teams to test and integrate new features, prioritizing user-centric design.
- Implemented user feedback for continuous improvement in software usability.

Youtube - Content creator

Cuisine Trails and Digital Travels | 2020- 2022

- Crafted diverse food content for "Cuisine Trails" and managed an eggless bakery under the same brand, specializing in delightful baked goods.
- Produced informative videos on business management, accounting, and government laws for "Digital Travels," contributing expertise to train travel agents.
